

## ARE TO FINISH ALL THE PROBE

Assembly Votes To Continue The Investigation Until April 10, And Call Everybody.

## SMALL SATISFACTION IS OBTAINED

La Crosse Attorney Handled Eighteen Hundred Dollars Which He Used In Legitimate Campaign Expenses For Stephenson.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., March 12.—After a heated debate the assembly this morning passed the majority report of the investigating committee which set the date for the ending of the senatorial probe at April 10. The committee made a majority and minority report, one of which set the date as April, the other at April 10. The original motion was to continue it until May 1.

### More Witnesses

It is figured that every person who received any money for campaign purposes from any of the candidates will be summoned and that by April 1 the bulk of the work will be over, leaving the remaining ten days to clear up the work of the investigation.

### Lengthy Debate

The debate on the two reports was most lengthy and very heated. Many wanted the investigation to end now and the committee to report that they were unable to substantiate any of the constitutional charges made by Senator Blaine, but this met with decided opposition and the compromise report signed by the majority of the steering committee was adopted.

### Gordon on Stand

Attorney G. H. Gordon of La Crosse was on the stand this morning. Mr.

Gordon received the sum of \$1,800 from the Stephenson campaign fund and he was asked to explain how he used it. His answers were to the point and showed that money can be used in campaigns for actual expenses without any thought of trickery.

### All Legitimate

He admitted receiving the money charged to him. He stated that he had used it in having the county thoroughly covered with posters, sending out campaign literature and some of it for workers at the polls on primary day. None of it, however, was used for the purpose of aiding any candidate for the assembly or senate.

### One Hundred More

It is estimated that fully one hundred more witnesses will be summoned to appear under the new ruling, which it is thought will include practically everyone who spent any of the campaign money for any of the candidates. This will cost considerable money, as they come from all parts of the state.

### For Special Session

The senate this morning decided to refer the subjects of the income tax, industrial insurance, waterpower taxation and insurance of bank deposits to special committees, to report on bills to be considered at the special session next fall.

## NEW REPUBLICAN VICE CHAIRMAN

Dr. John Fremont Hill of Augusta, Me., Was Once Governor of the Pine Tree State.

(SPECIAL TO THE GAZETTE.)

Augusta, Me., March 12.—Dr. John Fremont Hill, the now Vice Chairman of the Republican National Committee, is one of the best known public men in Maine. He long has been identified with New England politics and was one of the most important factors in this section of the country in the campaign which led up to the nomination of Judge Taft for the Presidency.

Dr. Hill was born in Elliot, Me., October 20, 1855, and has been a resident of Augusta since 1875. He represented Kennebec County in the Senate, in 1896 he was a Presidential elector and in 1899 a member of the executive council of the Republican National Committee. In 1900 he was elected to the governorship of the Pine Tree State and was re-elected in 1902. As governor he displayed executive ability of the highest order and his administration received the approval not only of the republicans of the state but of many prominent democrats as well.

Though Dr. Hill is a graduate of Bowdoin Medical College, he has devoted little time to the practice of medicine. He is a man of enormous wealth and of late years he has abandoned the medical profession entirely to give his attention to the numerous financial and industrial interests in which he is interested. Soon after coming to Augusta he associated himself with the publisher of the first later known as the Victory & Hill Company. This firm made a specialty of publishing weekly stock papers for the masses and in the course of a decade or two the partners accumulated millions. They built a printing plant which at the time was the largest in the world. As a result of the business of the Victory & Hill Company the Augusta post-office became the second in the United States in the amount of business it handled. On the periodical mailing days of the various publications sold through the mails were run on the trucks along the printing houses and loaded with tons of papers to be distributed broadcast throughout the land. Dr. Hill married the daughter of the head of the firm and after the death of Mr. Vickery he continued to direct the affairs of the company.

But he has other interests as well. His share in the electric railroad development of Maine has swollen to enormous proportions his private income. Besides, he is a director and trustee of a number of financial institutions in Augusta and other cities and is a large real estate owner. For many years two of the leading hotels in Augusta have been among his holdings. In fact, it is a common saying here that almost everything that does not belong to the Vickery estate belongs to Dr. Hill. But no fault is found on this account, for no citizen ever displayed greater generosity or more public spirit than Dr. Hill, and he has been foremost in every movement that has had to do with the welfare and progress of Augusta and her people.

Only in one instance has Dr. Hill been known to oppose the wishes of the people, or rather their chosen representatives. And his stand in that instance was pardonable. For a number of years he has lived in the house occupied so long by James G. Blaine and his family. Some years ago the legislature attempted to buy the housestead, with a view of making it

the Executive Mansion. But Dr. Hill would not part with the estate. It is supposed that the intention of the legislature was carried out, after all, for in 1900 Dr. Hill was elected Governor, and for four years the old Blaine home was in effect at least what the legislature designed.

## ANTHRACITE MINERS REJECT PROPOSALS

Refuse to Accept Counter Proposition to New Agreement for Their Labors.

(BY ASSOCIATED PRESS.)

Philadelphia, Pa., March 12.—The anthracite miners today rejected the counter proposition of the operators to renew the present agreement for three years.

The outcome is uncertain but from the trend of negotiations it looks as if one side or the other will have to recede from its position or there will be a suspension of the coal mining after April first.

## FIVE MILLIONS FOR A FINE NEW DRIVE

New York Will Make Riverside Extension One of the World's Splendid Thoroughfares.

(SPECIAL TO THE GAZETTE.)

New York, March 12.—Bids were opened today for one of the largest contracts let by the city in some years—that of the completion of Riverside Drive, from 155th Street to Spuyten Duyvil. The thoroughfare is to be constructed in every way like the present Riverside Drive, 115 feet in width, and will when completed be one of the finest thoroughfares in the world. It will cost in the neighborhood of \$5,000,000. The Riverside Drive extension was authorized by the Board of Estimate nearly three years ago, and has been held up since then by the involved condition of the city's finances. It will extend north from 155th Street about four miles, and is to include a mammoth viaduct over Inwood valley. This viaduct will be 1,300 feet long and will cost \$2,000,000. The contractors will have 800 working days to complete the entire work.

## SEVERAL DEBATES IN WEST TONIGHT

Ripon Meets Northwestern—Ohio, Indiana, and Illinois State University Teams in Forensic Tilt.

(SPECIAL TO THE GAZETTE.)

Ripon, Wis., March 12.—The annual debate between representatives of Northwestern College and Ripon College takes place here this evening and promises to be one of the most interesting events of the college year. Ripon has the affirmative and Northwestern the negative side of the question. "Resolved, That the best moment retention of the Philippine Islands is a desirable possibility for the United States."

Bloomington, Ind., March 12.—Tonight the chosen debaters of the state universities of Ohio, Illinois and Indiana are to engage in forensic tilt, the occasion being the annual contests of the triangular debating league. Each university has two teams, one to debate at home and one abroad, the contests being held simultaneously.

The home team of each university is to uphold the affirmative of the question: "Resolved, That Congress should immediately provide for the further strengthening of the Navy," while the visiting team in each case is to advocate the negative.

Kansas Oratorical Contest  
Ottawa, Kas., March 12.—Nine of the leading colleges of Kansas have representatives to compete in the state oratorical contest at Ottawa University this evening. The presence of large delegations of students representing the various colleges is evidence of the keen interest taken in the contest this year.

## DAY OF BERKELEY THE PHILOSOPHER

This is 225th Anniversary of Birth of Irish Prelate and Author of a Stirring Poem.

(SPECIAL TO THE GAZETTE.)

Westward the course of empire takes its way:  
The first four acts already past,  
A fifth shall close the drama  
With the day;  
Time's noblest offspring in the last.

Dublin, March 12.—In this year of notable anniversaries it is not without interest to recall that on this date 225 years ago, March 12, 1681, there was born in Kilkenny the celebrated prelate and philosopher, George Berkeley, who is remembered for his plan to "plant arts and learning in America" and for his efforts to bring the higher education of his countrymen to the United States. Berkeley was a philosopher of the highest order, and his philosophical powers, as Pope ascribed to him "every virtue under heaven," and other distinguished men testified to his goodness and amiability.

To Americans Berkeley is best known as the author of a plan for establishing a college in the Bermudas for the purpose of training pastors for the colonial churches and missionaries to the Indians. In anticipation of the happy results of his scheme he wrote his well known stanza, beginning with the familiar line: "Westward the course of empire takes its way."

Full of courage and enthusiasm in regard to his scheme Berkeley sailed for America, with his wife, landing at Newport, R. I., early in 1729. He bought a small farm to which he gave the name of "Whitehall," and settled down to await with philosophic calm a promised endowment from the English government. While waiting he pursued his usual occupation of study and writing. He attracted to his retreat many of the leaders in American thought, and he came to see that the proposed college should be, not in the Bermudas, but on the mainland. However, he never received the grant from the government, and he returned to England. Before his departure from America he divided the books of Yale and Harvard colleges the books of his private library. His title to his Whitehall farm he transferred to Yale, to be applied to the maintenance of three scholarships and various prizes for those who should excel in Latin composition. The Berkeley prizes, it is said, have been awarded with unflinching regularity at Yale since 1732.

## WORKING OF NEW LAW BIG COST TO COURT

Trial of Petit Larceny Case in Manitowish Will Require Expenditure of Large Sum.

(SPECIAL TO THE GAZETTE.)

Manitowish, March 12.—Hundreds of dollars may be added to the cost of maintenance of the municipal court by a question raised in court today when Samuel Gaurwitz, a second hand dealer charged with petit larceny, made a demand for appointment of an attorney at the county's expense, saying he is without means. In 1907 the legislature passed a law making the cost of record and it is said this compels the county to furnish counsel where a defendant is without means. No decision has been given on the demand of Gaurwitz as yet. Thirteen dollars is involved in the case against the man, who was brought back here from Vaucluse.

## FACTION'S TOTEM A SILK STOCKING

Used at Consolation Luncheon for Defeated Candidate for Presidency of N. Y. Women's Federation.

(SPECIAL TO THE GAZETTE.)

New York, March 12.—Silken hosiery souvenirs figured at a luncheon given to Mrs. William Grant Brown, recent nominee for the Presidency of the New York City Federation of Women's Clubs, at the Hotel Astor today. There were two strong factions working for rival candidates previous to the election, and that of Mrs. Brown was designated as the "Silk Stocking Party." The souvenirs were given as a party emblem. They were not the real thing, however, only miniature imitations. Mrs. Brown was not elected, but members of her party declared that she should have been, and last some serious mistakes at the last moment prevented it. The luncheon today was given by her strong supporters as a consolation party.

## LA FOLLETTE IS IN NEW YORK TONIGHT

Will Speak on Direct Nominations at Meeting Held Under Auspices of Civic Forum.

(SPECIAL TO THE GAZETTE.)

New York, March 12.—What promises to be the most interesting of the series of meetings held under the auspices of the Civic Forum this winter is scheduled to take place tonight in Carnegie hall. Direct nominations will be the subject of the address. The chief speaker will be Senator La Follette of Wisconsin. Another prominent speaker on the program is Senator George E. Chamberlain, who owes his seat in the senate to the successful operation of the direct primary system in the state of Oregon.

## SUPERIOR HAS THE LOWEST DEATH RATE

Of Any of the Cities of United States—Population is Rapidly Increasing.

(SPECIAL TO THE GAZETTE.)

Superior, Wis., March 12.—Superior's percentage of mortality is the best in the United States. The death rate of 10.02 for 1908 is lower than that of any of the larger cities as reported by the government census department. The Twin Cities, St. Joseph, Mo., and Omaha, are next. Minneapolis being closest. The local death rate is figured on a population of 40,000, which is larger than the population given in the last United States census. The official death rate as compiled by the government would therefore be even lower than the rate accepted by the local health department. The St. Joseph rate is given as 9.2, but it is figured on a population much less than the population and of the city at the present time. Milwaukee is making a claim to be the lowest death rate in the country, but the figures compiled with the health department of that city do not bring the rate down to the size of Superior. During the first two months of this year the deaths have been much below the average. It may be the rate for 1909 will be even lower than that of last year.

### Population Increasing.

The population of Superior is rapidly increasing. At least it is according to the number of births that have been reported to the health department during the past two months. The births have doubled the number of deaths that have occurred, there having been 61 births and 33 deaths. The marriages have only totaled up as 14. For the two months past only one accident was recorded. The figures are all lower than usual, especially the births and accidents. The births have been totaling 90 for a number of months past and they are always several accidents. The amount of contagion in the city is small.

### Fewer Leaky Cars.

There has been a decided decrease in the number of leaky cars that have been received in the city during the past few months. Out of 1516 cars only 234 were according to Chief Volkswagen H. A. Juncat, of the Wisconsin Grain and Warehouse commission, in a leaky condition. This is a big difference from the December report when the average number of leaky cars was 25 per cent. The December report was in turn more satisfactory than any of the former statistics compiled by the Wisconsin weighing department. In that month there were 802 leaky cars out of a total of 3113 received in the city. None of the cars received during January and February showed signs of having been repaired. One of the reasons for the decrease in the percentage of leaky cars is that the company are using but a small proportion of the total number of cars. In the grain trade and consequently can select the best ones. Last fall during the rush everything was put into use, bad and good alike. The cold weather is also attributed partly to the decrease and some of the leaks are covered with snow.

## MORE TESTIMONY AS TO THE MONEY

LEGISLATIVE INQUIRY GETS GAME WARDEN STONE ON STAND.

(SPECIAL TO THE GAZETTE.)

### WAS USED TO THE WORK

Had Done Similar Work for Governor La Follette During His Campaigns.

Madison, Wis., March 12.—The apportionment committee before the senate investigating committee of J. W. Stone, state game warden and "promoter forger," was accounted late in the day by the testimony of one of his deputies, J. S. Craig, of Superior. During the morning, Stone had named Craig as one of his deputies who had received Stephenson money from him, and he believed Craig got about \$125. It was so long ago he could not remember the date or the amount. Later, after a short recess, Stone said he had said Craig and Craig had told him he was wrong, that he (Craig) had received no money. "Then I must be in error," added Stone. Asked whether he would say the same of other deputies if they should deny receiving money, Stone didn't believe he would.

### Revelation by Craig.

Craig was standing among the spectators in the afternoon while Stone was on the stand, and without any warning was called to the stand. He testified that after the primary he had received a check for \$82 from Stone, and had deposited it in the bank. It was in payment of his expenses on a trip to the convention of the League of American Sportsmen, in Oklahoma. On February 22, about three weeks ago, Stone came to him in Superior and demanded back either the check or the money, and he gave Stone his personal check for \$82. Stone told him it was Stephenson money and he was obliged to account for it. This was proved quite interesting to the committee in view of the fact that during the morning he said he had spent every cent given him by Stephenson's campaign managers during the campaign, with the exception of \$349.30 to settle two accounts rendered to him by Lawyer Friday of Superior, and a retired farmer of Harrison.

### Unlikely Influenced.

Considerable interest also attached to the testimony of C. D. McFarland of Stevens Point, a member of the state board of normal regents, who followed Craig on the stand. Questioned by Senator Morris he told of a conversation between himself and M. C. Ring, a Nollville attorney and a former well known lobbyist for the Northwestern road. He said Ring called upon him at his law office and said he had been referred to McFarland as a good man to manage the campaign for Stephenson in Portage and Waupaca counties. The district attorney formerly represented Stone. He asked McFarland for his view of the senatorial situation in those counties. McFarland told him that Cook had "put \$1,000 into his county," and unless the other candidates bestirred themselves the county would go for Cook. Ring replied that if Cook could spend \$1,000 Stephenson could and would spend that much and more and he asked McFarland to take charge of the campaign there, saying he would be paid for his time. McFarland said that while he principally wanted to see Hutton defeated, he personally favored McGovern and did not care to take up the work. Ring said the fight lay between Hutton and Stephenson, and unless the opposition concentrated on Stephenson Hutton would win. McFarland still refused to take charge of the campaign. Senator Morris sought to show that the fact of money came after the witness had expressed his preference for McGovern, but McFarland said it had come before this time; but he admitted that Ring on leaving asked him to "think it over."

### Judicial Matters.

With less than two weeks remaining for the filing of nomination papers at the office of the secretary of state, it is evident that Justice John Barnes of Milwaukee, formerly chairman of the railroad rate commission, will have little, if any, opposition. During the past several weeks nomination papers for Mr. Barnes have been quietly circulated and thus far the campaign for the supreme judicial office has passed apparently unnoticed. Some of the papers have already been received at the office of the secretary of state, but it is understood that the bulk of them will not be received until some time next week, when all will be placed on file. The term for which Mr. Barnes is now a candidate will begin Jan. 1, 1910 and end Jan. 1, 1920, the term of service being for ten years. Mr. Barnes was elected last spring to fill out the unexpired term caused by the death of Chief Justice J. B. Cassaday. It had long been Mr. Cassaday's intention to retire at the end of the term, December 30, 1909, but he died before his term had expired. It is understood that Mr. Barnes was appointed temporarily until a successor could be re-elected, but the election last April resulted in the election of Mr. Barnes by nearly 50,000 majority. His overwhelming endorsement at that time and his record on the bench is said to account for the lack of opposition at this time.

### County Option Field Day.

Some day next week, either Wednesday or Thursday, the friends of county option are going to hold a regular field day in the assembly. At that time petitions from all sections of the state will be presented to the legislature and will undoubtedly be referred to the committee on state affairs, containing over 20,000 signatures. In addition to this hundreds of letters have already been presented to the legislature favoring the county option law and it is estimated that when all of the petitions are in, they will represent the signed sentiment of between 30,000 and 40,000 people. The county option bill in the legislature was introduced by Senator Marsh.

## BIDWELL HAS GIVEN UP CARRYING MAIL

Finds Contract Price Too Low to Continue the Work—Job Open for Bidding.

Thomas Bidwell, who has had the work of carrying the mail from the postoffice to the train, has resigned the contract which he had with the government for doing the work and will give it up. Mr. Bidwell received the contract on a bid of \$300, but after carrying the mail for a short time found that he had bid too low, so sent in his resignation to the department. Under the law which provides for the contract, the party who has the job desires to give it up, a resignation must be sent in thirty days before giving up the work under the contract. This he did in order that the postoffice may be able to secure someone else to carry the mail. As yet no one has secured the contract, but the postmaster will, we believe, hold it for it until two o'clock March 22.

## SECOND BANQUET OF MEN'S BARACA CLASS

Annual Supper and Program Will Be Given in Church Parlor This Evening.

This evening at the Baptist church, the members of the Men's Baraca Class will give an entertainment, consisting of a supper, followed by an interesting program. This is the second annual affair which the class has held and promises to be a very fine one. An attendance of over one hundred is expected. The banquet will be followed by addresses and musical numbers by a male quartette. The numbers to be given are:

1. Opportunities for Young Men.
2. Reforms in Politics and Business.
3. Worldwide Peace.
4. Just Between Ourselves.

Rev. J. C. Hazen will act as toastmaster in place of Allen P. Lovejoy, who is traveling in the west. Solos will be rendered by J. S. Taylor.

## COMPLAINT AGAINST WILLIAM HOSKINS

On Charge of Conducting Saloon Without a License Was Made by City Attorney Maxfield This Afternoon.

After investigation it appears that it will be exceedingly difficult, if not impossible, for the city to establish cases against William Wells and William Hoskins, two non-residents, on a charge of conducting saloons, since without license. Since the law requiring parties to engage in the liquor business until after they have been residents in the state one year, became operative in Wisconsin, buyers and sellers have been extremely careful about their contracts. It has been customary to stipulate in these instruments that in case the license cannot be transferred, the contract shall be merely a lease by which the buyer of the business stand is made superintendent or agent for the seller. In this way it is usually possible to evade the law. If the buyer is willing to go on the stand and swear that he has not purchased the saloon business in question, City Attorney Maxfield made complaint against Mr. Hoskins, who is in charge of the old Iowa Hyman stand at 120 East Milwaukee street, this afternoon and he was to appear in court sometime after four o'clock and have a trial set for his hearing. He will enter a plea of not guilty.

## EDGERTON MAN WAS STRUCK BY A TRAIN

Rudolph Moves Hit by Railroad Cars Last Evening and Instantly Killed.

[SPECIAL TO THE GAZETTE.]  
Edgerton, March 12.—Rudolph Moves, a German living below the station, was struck by one of the west-bound trains last evening and killed. He leaves a wife and several children. Mrs. Louise Moves, who for many years has lived here with Mrs. Edwards in this city, died at the county poor farm Wednesday at the age of eighty-eight. The remains were brought to T. A. Clarke's undertaking rooms and from there the funeral will be held this afternoon. Burial is at the Passett cemetery in this city. Orris Fossenden has purchased the Wm. Clifford farm in Porter for \$5,000. Mrs. W. B. Mabbett entertained her mother, Mrs. Hinkley of Milwaukee, a portion of the week. Miss Sadie Palmer, who is studying to be a nurse at Holist, is spending a short vacation with her parents, Mr. and Mrs. A. H. Palmer, at Albia.

A baby girl was born to Mr. and Mrs. Henry Kealey, Thursday.

## WOULDN'T GO BACK TO OLD DAYS OF COFFEE TROUBLES.

Stolid, sedentary habits are apt to cause indigestion, dyspepsia, nervous headaches, etc., but often it's the daily use of coffee that is at the bottom of the whole trouble, and it is surprising how quickly those troubles disappear when coffee is dropped and well-made Postum is the daily beverage.

A No. Dak. minister writes of the roller obtained when he changed from coffee to Postum. He says: "I began using Postum about a year ago while stopping at the home of friends during the absence of my wife. "It seemed almost providential, for during that time I got rid of coffee and its attendant ills. I used to have bilious attacks about every two weeks that completely used me up for a day or two at a time. "I did not suspect coffee and was unable to account for these attacks. Since I began Postum I have had but one slight attack and the change to Postum which has done so much for all of us—children and older ones." "Name given by Postum Co., Battle Creek, Mich. Read 'The Road to Wellville' in place. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## LEFT FOOT CUT OFF BY SWITCH ENGINE

William Brown Was Run Down in Old North-Western Yards About Six o'Clock Last Evening.

With his left foot cut off just above the ankle, his right arm lacerated and with six bad cuts on his head, William Brown, twenty-four years old, who lives at 124 Pearl street, was seriously injured while trying to alight from a swiftly moving freight car last night at the North-Western Passenger depot last night at a quarter past six. Brown, with five companions, boarded one of three freight cars which switch-engine number 735 in charge of Engineer Cole was backing out to the new yards. Just east of the bridge which spans the river Brown attempted to leave the car, which at that time was going at the rate of between fifteen and twenty miles an hour. The young man was unable to keep his feet when he got the barrel of the ladder, and fell under the wheels. It was still light enough to see, but Night Signal Fish was the only person who saw Brown fall, and he immediately notified Engineer Cole, who brought the train to a standstill and went back for the injured man. Brown was immediately taken to the passenger depot, and Dr. Palmer called, who had him removed to the hospital.

The accident is especially unfortunate in that Brown's father was struck and killed by a train about two years ago. Brown himself had worked for the railroad for some time, but did not appear to be a handy man about the cars. He never made a practice of flipping trains but generally walked home along the tracks, preferring to do the rather than run the risk of injury by catching a ride on the passing trains. It was reported this morning that he was resting easily at the hospital and that there were no indications of internal injuries.

## LOS ANGELES MAYOR FORCED TO RESIGN

Is the First Victim of the Recall System in the United States.

Los Angeles, Cal., Mar. 12.—Mayor Harper quit last night under fire. He withdrew his name from the ticket for a recall election set for March 26 because facts concerning his private life were known and which the opposition declared they would publish to-day unless he withdrew his name from the official ballot.

Harper is the most thoroughly discredited man who ever held the mayor's office in any big American city. He admits he could not control standards of a serious nature. Yesterday afternoon he went to the leaders of the recall movement and begged to be spared the disgrace. He was given an ultimatum to withdraw immediately or suffer exposure.

The mayor lost no time writing his letter of resignation. The letter follows, addressed to the editor of the supporting paper:

"The fulfillment of my obligation entered into with you when I promised to withdraw my name from the ballot of the present recall election, when ever you demanded I should do so, I hereby notify you that in compliance with your demand made this day I have requested the county clerk to withdraw my name from the ballot."

"A. C. HARPER."

The fight to force Harper out of office was spirited, over 10,000 citizens of the city having signed a petition demanding his recall. This petition followed a crusade, the slogan of which was: "Is vice protected in Los Angeles?"

## GRACE STEINHAUSER AGAIN IN DISGRACE

Woman Who Tried to Throw Herself Off Court Street Bridge Jailed Five Days for Drunkenness.

Grace Steinhauser, who tried to throw herself off the Court street bridge, after a prolonged spree, last summer, is again on the verge of delirium tremens. She was arrested and locked up last evening and committed to the county jail for five days this morning. All night she argued and quarreled with an imaginary woman companion and this morning tackled that this associate be taken to the hospital for a considerable period and the police were chaffing the fond delusion that she was going for good. She came here with her husband about a year ago, the latter being employed at the sugar factory, and for a time they lived together at the Riverside hotel.

Thomas Nash pleaded guilty to a charge of drunkenness and was sent to jail for five days and in addition thereto assessed \$4 and costs, with the alternative of five more days behind the bars.

Albert Olson was unable to pay \$4 and costs and went to jail for ten days. Fred Klontz paid a fine and costs of \$3.10.

### IMPORTATION HURTS WISCONSIN'S TRADE

So Says C. F. Doane, U. S. Cheese Exporter, in Speaking Before Monroe Convention.

[SPECIAL TO THE GAZETTE.]

Monroe, Wis., March 12.—The cheese industry of Southern Wisconsin suffers because of the large importation of cheese and the sale of domestic cheese as the imported article, declared Prof. C. F. Doane, United States cheese expert, in addressing the Southern Wisconsin Cheesemakers' and Dairywomen's association here last evening. Much Swiss cheese made in this section, he said, is equal to the imported cheese, but when it reaches the consumer it is sold as the domestic Swiss. It is because of this situation that there is demand for the domestic cheese. He stated that the annual importation of Swiss cheese amounts to a million dollars and that the importation of Camembert and Roquefort amounts to \$200,000. On this cheese there is a tariff of six cents a pound. It seems reasonable, he said, that a large portion of this cheese should be made in the United States.

No state of the experimental work in the manufacture of Swiss cheese that the government has been carrying on in a Green county factory near Brethren. The government has been making cheese on a different plan than that ordinarily followed by the average Swiss cheesemaker, the experiments being made without much of the paraphernalia that the foreign born operator considers essential. A notable departure is the preparation of the curd without the lard. The government experimenters have been highly successful, said Mr. Doane. Many of the speakers at today's session were local dairymen who told of the success they had met with in the raising of full-blooded dairy cattle, winter milking, the feeding of silage, use of the milking machine, etc.

Assistant Dairy and Food Commissioner U. S. and was a speaker at the session this morning. The meeting has been a most successful one and the discussions have been highly profitable. The convention in attendance and interest has exceeded any former meeting of the association.

BURLINGTON TRAIN IS DITCHED BY WRECKERS

None of 200 Passengers Hurt as Flyer is Derailed Near Peoria.

Peoria, Ill., Mar. 12.—Wreckers, whose object is believed to have been robbery, derailed the Burlington passenger train No. 1 at Vincy coal mine switch, five miles from Peoria last night.

An investigation showed where the lock on the switch had been broken and the switch thrown and the train going at the rate of about forty miles an hour, thrown on to the siding into a cut of loaded freight cars.

The train was in charge of Conductor Peck and Engineer Maxwell.

The engineer reversed his engine when he saw the danger and with his fireman jumped. Both escaped with slight bruises.

More than 200 passengers were aboard and the impact which demolished the locomotive and several of the coal cars resulted in several minor injuries. No lives were lost.

The passengers were returned to this city on a special train at midnight. The majority of the passengers were bound for Missouri and western points.

The sheriff's office was notified and a posse is now scouring the country for the wreckers. No theory, other than proposed robbery is advanced by the railroad officials here.

INSURGENTS PLAN BATTLE.

Claim to Have Gained Recruits in Fight Against Rules.

Washington, Mar. 12.—For more than three hours last night the Republican "insurgents" discussed behind closed doors the details of the fight they propose to make next Monday when the Sixty-first congress convenes, against the adoption of the rules of the last house to govern it.

The leaders of the movement expressed entire satisfaction with the size of the meeting, claiming that at least ten more members would vote with them against the rules.

It is known that much of the time at the meeting was devoted to discussion of a compromise with the organization forces. The sentiment of the meeting was that the speaker should not have the power of appointing the committee if such a compromise was agreed upon.

Those present at the meeting were: Messrs. Gardner and Lovering of Massachusetts; Murdock and Madison of Kansas; Hubbard of Iowa; Morse, Cooper, Nelson, Kopp, Cary, Lenroot and Esch of Wisconsin; Miller and Davis of Minnesota; Kinkaid and Hishaw of Nebraska; Gronna of North Dakota and Poindestor of Washington.

PUBLISHERS TO WASHINGTON.

Miller Says Indianapolis News Men Must Go for Trial.

Chicago, Mar. 12.—Delevan Smith and Charles E. Williams, publishers of the Indianapolis News will be taken to Washington to answer to the charges of criminal libel preferred against them in the District of Columbia.

This was the announcement made yesterday afternoon by Charles W. Miller, the newly appointed United States District Attorney of Indiana who was in Chicago for a few hours on his way to Washington.

"It is not a question as to whether I approve or disapprove of the existing law," said Mr. Miller. "The law is on the statute books and it must be observed. I cannot agree with Mr. Keating in his position that those men ought to be tried in their home state."

### A WAGE FIGHT IS STARTED

Operators Refuse Demands of Anthracite Miners.

THEY IGNORE THE UNION

First Day's Conference in Philadelphia Shows Mine Owners Determined Not to Grant Requests of Employees—Strike May Be Result.

Philadelphia, Mar. 12.—The committee of hard coal miners headed by President Lewis of the United Mine Workers of America and the anthracite coal operators are in conference again this afternoon. Following yesterday's meeting it was announced that the operators had rejected all the demands of the men.

This decision was not unexpected by the mine workers, as they had long ago learned that the operators were against making any concessions. The miners met the operators again at two o'clock this afternoon.

So far as could be learned from the miners a majority of the workers are opposed to a strike, because they feel that they are not strongly enough entrenched to carry on a campaign of the magnitude of that of 1900 and 1902.

Formal Statement Issued.

The formal announcement made for the benefit of the public of the refusal of the operators to grant the demands of the men was contained in a statement agreed upon by both sides. It follows:

"A committee of seven representatives of anthracite mine workers and a committee of seven representatives of the anthracite operators held a joint meeting in the Reading Terminal building this afternoon to discuss the mine workers' demands. These demands are the same that were drafted in Scranton last October.

"The operators declined to concede to the demands. The chief reason offered for the rejection was that any increase in the cost of production would necessitate an advance in the price of coal and that such an advance was impracticable. The operators said that wages in the anthracite mining industry were already at a high level and could not be increased.

"The announcement of the operators' decision was followed by a free discussion of the various demands, each side stating its views fully in regard thereto. The ad-

minors declared their unwillingness to reopen the eight-hour day question and other questions passed upon by the anthracite strike commission of 1902. They also declared themselves opposed to the mine workers' proposition for a one-year agreement.

Decline to Recognize Union.

"They declined to recognize the United Mine Workers of America, chiefly on the ground that it was controlled by bituminous workers. They said they met Mr. Lewis and his committee as representatives of the anthracite mine workers and not as officers of the union.

## THE NEW GARMUR CIGAR

Is covered with a wrapper of the best Connecticut Broad Leaf tobacco. We use this wrapper on the GARMUR because it is the best obtainable. It will not contract when the cigar is lighted as most inferior wrappers do. It holds the filler together perfectly throughout the life of the cigar, insuring the smoker an even, pleasant smoke to the end. The GARMUR will not fall apart or show a tendency to loosen at the ends shortly after it is lighted. For an even, pleasant smoke try a GARMUR. 10c everywhere.

DELANEY & MURPHY Makers

WE BELIEVE boys are entitled to better clothes than most stores offer, and these new spring models embody all that is best for the youngsters.

They are similar to the clothing of the grown-ups; the same care has been exercised in tailoring. Coats are very full and large and the pants extra wide peg top knickerbockers.

Boys always watch out to see what the older fellows wear and these clothes meet their desires fully. The new shades of olives, grays, tans, browns, stripes and plain light effects are beauties. Ages 8 to 17 years, priced at \$5 to \$8.

Boys' Top Coats, fancy stripes and plain effects, natty ideas, ages 8 to 17 years, \$5 to \$8.

American Boy Magazine free for 6 months with a \$4 purchase in the children's department.

Smart models in new spring suits for men, made specially for us by Hart, Schaffner & Marx, the best in clothing, \$20, \$22.50 and \$25.

We've the best hat store in town. You can't get Stetson's "Special" anywhere else; a better \$5 hat isn't made. Other Stetsons \$3.50. Soft and stiff hats in the newest models.

Lewis Union Suits, the kind of underwear which fits the form and wears best. Spring weights and colors, \$1.50 \$2, \$2.50, \$3.00 and \$3.50.

## INVALUABLE FREE GIFTS.

In the almost forgotten, but once widely popular "Looking Backward," Bellamy developed the theory that when a nation took abode-bled men from another nation, it should give that nation a credit for the value of the men. Nothing, in fact, is more surprising than the way nations which should have known better have parted with their best blood and snow, and in this respect no nation in the world has benefited by the short-sightedness of its neighbors like the United States, says the Wall Street Journal.

In this time of loose talking and warlike demonstration, it is refreshing to find Professor Ladd, of Yale, pointing out that Japan has every reason for her own sake, to keep her intelligent labor at home. The country is not a large one, but he says that the northern island, Hokkaido, is practically a virgin field in the matter of its natural resources, and we know that Japan has the good fortune to possess valuable undeveloped deposits of copper, iron ore and coal. Perhaps in this fact may be seen the reason why the Japanese government has shown such an even temper in the face of irritating demonstrations in California.

Overpopulation is by no means always the reason for emigration. The population of Ireland, for instance, declined from something over eight millions in the beginning of the last century to not much better than four millions, within a period of sixty years. If Ireland could once support eight millions of people, there is no question that it can now. But misgovernment, which enlightened British statesmen now deplore, took the heart out of the people and left them eager to seek new conditions more congenial to their temperament and aspirations. Nothing, in fact, can be more distressing than the way Ireland has gone back in the absence of civilization from arable to pasture, from pasture to sedge, and from sedge to bog. The whole process may be seen even now in active operation throughout Mayo and other counties of the west and south of Ireland.

It might even be calculated in dollars and cents that a nation loses just so much by the emigration of an able bodied man; and the sum of this depletion may easily be carried into the hundreds of millions. It is plain that the Japanese government recognizes the problem and the danger. Not only does it lose by the emigration of its able-bodied workers, but there remains behind an increasing proportion of the incompetent, aged and deformed, while a growing preponderance of the female in sundry population returns is one of the results well known to the historical economist.

There is, in this attitude of Japan, a strong argument for peace. England positively encouraged emigration from Ireland, and misgovernment drove valuable citizens away from many countries, as modern history shows. Perhaps the best instance is that of the French Huguenots after the Edict of Nantes. They crossed the Channel to found the silk industry in England, or emigrating to South Africa in the seventeenth century, became in the course of time more than the Boers themselves. Russia is committing this act of inconceivable folly by sheer misgovernment. With half a continent waiting for development, she is driving her citizens to America; while

throughout Germany, Poland, southern Italy and Asiatic Turkey the same movement is in progress. What will happen when all these races are absorbed into a general American type only history can show. In the meantime we are getting for nothing the life's blood of other races.

Collier's is most anxious to defeat Cannon for speaker and wires the Gazette that Congressman Cooper is one of the insurgent members of the lower house that threaten defeat for this veteran by remaining out of the republican caucus next Saturday night. If they do they hope to defeat the Illinois congressman for the coveted seat.

While the liquor element as a whole are keeping in the background this spring, there are some members of that fraternity that are open in their endeavors to nominate and elect men who favor their business. This is the same method of procedure that was tried in Beloit last year and look at the result.

Even if La Follette did try to keep Stephenson from his seat in the Senate and does try to have him ousted from the office after he will not be forgotten when his own time comes later.

There is a saying that Senator Root has claimed to be the political boss of New York state and that Roosevelt is deposed, but then is not Roosevelt going to Africa until he can stop into Washington again in place of Chauncey Depew?

The legislative probe of the Senatorial accounts has not as yet proved anything that was not known long before they began spending the hundred dollars a minute to satisfy the La Follette members of the legislature, but if they keep on they may reach the bottom of the whole affair and find out what Reform really costs.

Local candidates for office are seeking the preference of the voters in their respective districts and the campaign promises to be a lively one from now on.

Secretary Dickenson still insists he is a democrat, although he is one of Taft's High-Fat cabinet.

### BINNS, DOUBLE HERO.

Jack Binns was wireless operator on board the White Star liner Republic, that was rammed, mortally wounded and finally sunk by the Florida of the Lloyd Italian line Jan. 23 near Nauvoo.

Jostled out of his bunk by the collision, Binns jumped to his machine to discover that, while the mechanism was somewhat crippled, it would serve.

And there he stood for many weary hours, unprotected from the weather, without food, untroubled by the commotion that surged about him, piercing the fog with his persistent call for help, establishing communication with land stations and telling the rescuing ships where the Republic lay and her condition.

Undoubtedly his marconigrams saved the lives of 1,500 people. Two ships lay helpless in the fog—the Republic's engine room filled with water and unable to turn her screws, the Florida, with her smashed bows, fearing to move lest she go under.

And there he was, a lone working man, these vessels might have lain in that fog for days or until they went down, as the Republic did inside of forty hours.

Now—Some heroes are not wise after their heroism. They allow an impulsive but forgetful public to put them on a pedestal for the ephemeral worship of an hour.

Binns is not that kind. The happy survivors of the wreck made a festival of thanksgiving at one of the New York theaters, and Binns was there.

Despite his vigorous protest they dragged him to the stage and endeavored him until he blushed like a schoolboy. Then he tore himself from the stage to meet a new peril.

A troupe of chorus girls behind the scenes clamored to kiss him sootily, whereupon Binns lost his temper and fled the house.

A twofold hero—Binns.

And the later heroism, which led him to decline being made an idol for the gaudy crowd, was the greater.

PRINCE DEULOW, GERMAN IMPERIAL CHANCELLOR, MAY BE FORCED TO RESIGN THIS SPRING.

Berlin.—Indications point to the resignation of Chancellor von Deulow this spring. The chancellor himself has practically admitted this and has placed the date of his resignation for May.

The whole trouble has arisen from the chancellor's attitude toward the Kaiser in his London Daily-Telegraph interview. At that time Von Deulow was backed up by public opinion in his criticism of the Kaiser, but during the last few weeks public sentiment has turned around to the side of the Kaiser. Had Kaiser Wilhelm demanded Von Deulow's resignation at the time, he would have made himself immensely popular with the people for von Deulow's shoulders is placed the blame for not having read and interpreted the Kaiser's interview before it was published.

A book which points out this in graphic fashion has just been published from the pen of Government Councillor Rudolf Martin. Herr Martin charges Von Deulow with misleading public opinion into believing that the Kaiser was to blame for the London Daily-Telegraph publication when, in fact, the chancellor, himself was the culprit in allowing such obviously inadmissible material to see the light of day. The chancellor is also accused of fomenting popular opposition to the Kaiser by organizing a press campaign depicting him in the most unfavorable colors and representing the chancellor as the savior of the nation and the guardian of the constitutional monarchy.

Herr Martin asserts that if the emperor had dismissed Von Deulow after the latter's amazing admission that he had approved the Daily-Telegraph article without reading it, his majesty would have checked the storm which later broke out, and would have fastened the odium for the entire affair where it belonged—upon the unfaithful premier.

Herr Martin makes another sensational charge against Von Deulow, to the effect that he deliberately failed to acquaint the Kaiser with the full details of Chamberlain's Anglo-German alliance proposal in 1901, which was rejected mainly on account of the opposition of the chancellor, who feared counter-pressure from Russia.

Why People Disappoint.

The reason why men and women are mysterious to us, and prove disappointing, is that we will read them from our own books, just as we are perplexed by reading ourselves from theirs.—George Meredith.

Meeting Emergencies.

To be surprised by the unexpected into a state of helplessness always must be a man's own black mark against himself, even if no other person shares knowledge of the fact. It always must be his own accusation of his own weakness. To the extent that he feels in his heart a likelihood of its repetition, he must feel fear for himself.

The Philosopher of Folly.

"I don't care whether the papers slander me or not," says the Philosopher of Folly. "I am superior to what they say about me. But I do get good and sore when they don't say anything about me."

## Dental Chat

There are times when people seek and demand expert service. In emergency cases, the best skill obtainable is none too good. If you are in trouble with your teeth, I offer you the benefit of all I have learned in 20 years of active experience up against hard propositions. I seem somehow to get the most difficult cases in my line of work. I am suspicious that others have refused to tackle these cases, and so they come to me. If my teeth troubles are bad cases, just bring them to me, I will not disappoint you.

## BOY'S MINISTER TO GIVE ADDRESS HERE

Noted Non-Sectarian Christian Worker or Will Speak at Men's Meeting Sunday.

Sunday afternoon at three o'clock, at the Y. M. C. A., Dr. Leonard W. Snyder, known as the "boy's minister of America," with headquarters in Ohio, will deliver one of his noted addresses at the regular men's meeting. The subject will be "Life's Second Half."

Dr. Snyder was born in Holland, and was educated in his native country and Germany. He was ordained to the ministry in Holland and received the degree of doctor of divinity there. In all his work in this country he appears as a layman, drops the title and makes it plain to the public that he is laboring along non-sectarian lines. He talks and works far more with an accent that is characteristic of his native land and is, in fact, a well worth hearing. Dr. Snyder addressed the high school while visiting here in January, leaving a great impression as to his generous, philanthropic work. He is constantly on the move throughout the world, his one purpose being a broad vision with a simple but powerful earnestness in bringing out the individuality and real life of all.

## VIVIAN BOWDOIN WAS SHOT BY COMPANION

Son of Former Chicago, Milwaukee and St. Paul General Agent in This City Was Killed.

Mr. George Kimball this morning received a letter from J. S. Bowdoin, who was general agent from 1897 until 1900 for the Chicago, Milwaukee and St. Paul road in Janesville, that his sixteen-year-old son, Vivian, was shot in the head by a companion who was playing with a revolver and died an hour later. Mr. Bowdoin's family now live in Washington, where he holds the position of private secretary to the president of the Southern Railway Company. The shooting occurred at the school young Bowdoin was attending on February 4th and he died an hour afterwards. Mr. and Mrs. Bowdoin's many friends will be sorry to learn of their bereavement.

### CURRENT ITEMS.

**Shortage in Chickens:** There must be a "corner" in chickens in the explanation advanced by local hotel and restaurant-keepers to account for the scarcity of that fowl at this time of the year. Chicken sandwiches and chicken broth, except the canned variety, are as scarce as the proverbial "hen's tooth." There is not a meat dealer in the city who has chicken that the anxious food providers can get, because of this.

**War Third Place:** The annual inter-school meet of Holoit college, held at Holoit this week, was won by the seniors, Russell Zehlinger of this city, a member of the class of '09, took third honors in the finals of the twenty-five yard dash.

**Company Dissolved:** A certificate of dissolution issued to the Schellz Cold Storage company by Secretary of State Frazar, was given to the officers of the company for the purpose of dissolving the company. The officers were J. M. Gormley and E. A. Schadel, president and secretary of the corporation.

**Farmers Doing Little Hauling:** Except for a few who live in the immediate vicinity of the city, farmers are not hauling much grain into Janesville. This inactivity is due in great measure to the bad condition of the roads which makes it necessary for a farmer to hitch three horses to his wagon in order to bring a heavy load to town. Some wagons arriving from the country have passed through mud deep enough to reach the hubs of their wooden wheels.

**F. & A. M.:** Special communication of Janesville Lodge No. 55, F. & A. M., Janesville Temple, Saturday evening, 7:30 o'clock. Work in M. M. degree. Refreshments. Visiting brethren invited.

**United Brethren Church:** There will be special service at the United Brethren church again this evening; subject—"The Crucifixion of Jesus." Stereoscopic pictures will be used to illustrate the sermon. All are welcome. Services at 7:30. L. A. McIntyre, pastor.

**May Battle Out of Court:** Unless the matter is adjusted out of court, Fred Emerson of Leydon will have his examination in municipal court tomorrow morning on the charge of pointing a deadly weapon at William Sawyer. Emerson is alleged to have tried to shoot a pipe out of Sawyer's mouth.

**Visited in Holoit:** Prof. George H. Ray and a dozen Milton high school students passed through here yesterday enroute for Holoit, where they spent the day visiting the college and watching a demonstration by Prof. C. A. Culver in the physical laboratory.

**Players Here:** The Watertown high school basketball team were in the city today on their way from Watertown to Elkhart, where they play the Elkhart game today.

**Arrested for Begging:** Among the thirty-four lodgers at the lock-up last evening was a man named Frank Haynes who was arrested by Officer Patrick Panning this forenoon for soliciting alms from women on the street. He will probably have his hearing in court tomorrow.

**Town Treasurers Here:** L. C. Severson, treasurer of the town of New York, and Reynolds Voltz, treasurer of Turtle, made their final settlements with County Treasurer Church today.

**New Timber Company:** Articles of incorporation for the Silver Lake Timber company of Janesville, which proposes to deal in logs and lumber in the United States and particularly in the province of British Columbia, Dominion of Canada, have been filed with the register of deeds. The company is capitalized at \$200,000, divided into two thousand shares, and the incorporators are attorneys of the firm of Jeffries, Mount, Smith and Avery, and the photographer.

**Dog and Bird Show:** Some three hundred school children attended an exhibition of trained dogs and birds given in the Y. M. C. A. auditorium yesterday afternoon by the Al Schenck company. The entertainment was thoroughly enjoyed.

**Marriage License:** Application for a marriage license has been filed by William E. Krause of Milton and Anna A. Powell of Johnstown.

Two Indiana Men Get New Jobs in Interior Office.

Washington, Mar. 12.—In line with his policy to reorganize the work of the interior department, Secretary Ballinger has made several changes in the personnel, including the appointment of Clement B. Ucker of Ohio, chief of the contest division and administrative officer of the general land office, to be chief clerk of the department in succession to Edward M. Dawson of Maryland, who was appointed an assistant attorney of the department.

John W. Holcombe and James I. Parker, both of Indiana, were appointed assistant and assistant attorney respectively to the secretary.

**Oppose Bleached Flour Ruling.**  
Washington, Mar. 12.—A formidable movement, the purpose of which is to induce Secretary of Agriculture Wilson to modify or reverse his recent decision in which he held that flour bleached by nitrogen peroxide is an adulterated product under the food and drugs act, is on foot. Hundreds of letters from millers of bleached flour in all parts of the country are being received by the secretary asking him to refer his ruling to the referee board of scientific experts for review.

**"Smart" Manners.**

# Have Your Clothing Correct in Style

## It Costs No More to Be on the Safe Side, and the Rehberg Stock is Right in Every Way

What is the use of taking a chance, can you afford to not know that your Suit or Overcoat is properly styled in every respect? These new ideas we offer for spring—the product of the country's best tailoring establishments—are known to be leaders; they are designed and brought into complete form by men who know. The past season's products are sufficient proof of high qualities and advanced styles to guarantee the offerings this spring. The young man who desires the very proper, the satisfying kind of clothes, knows where to find them, and one has to but look around him to know that much of the dashing sort of clothing comes from these stores.

## These Will Bear Close Acquaintance

Hirsh Wickwire Suits and Overcoats for men who want the very best hand tailored garments. & Sophomore and Viking Suits and Overcoats for young men who want all the snap and ginger of the designer's art.

Handsome light shades with many olives, blues, tans, most all with stripes, and the blue serge predominate; the swell cut of coat and pants, that tight in front yet with loose back and general big appearance makes the style fascinating. The young men's suits have the cuff coats (not so large as last year) and many new frills which interest them highly. Suits at \$15, \$18, \$20, \$22.50, \$25, \$30.

## Foot Beauty is Easily Attained From these New Shoes

The best part of all this is that you pay a nominal price for a Shoe or Oxford equal to the \$5 and \$6 grades.

FOR THE LADIES—The newest oze leather Gibsons, are unfinished leather of dark brown which sets off the foot beautifully. The London Smoke shade is another beauty. These at \$3.50.

Queen Quality and Selby Oxfords, button or lace, in patent calf and vel kid, with varied shade cloth tops, patent leathers with leather uppers, in shapes of the newest and daintiest sorts, \$3.50 and \$4.00.

High cut shoes of patent leathers and black cravenetted cloth tops and with the London Smoke shade and oze uppers, very handsome, \$3.50 and \$4.00.

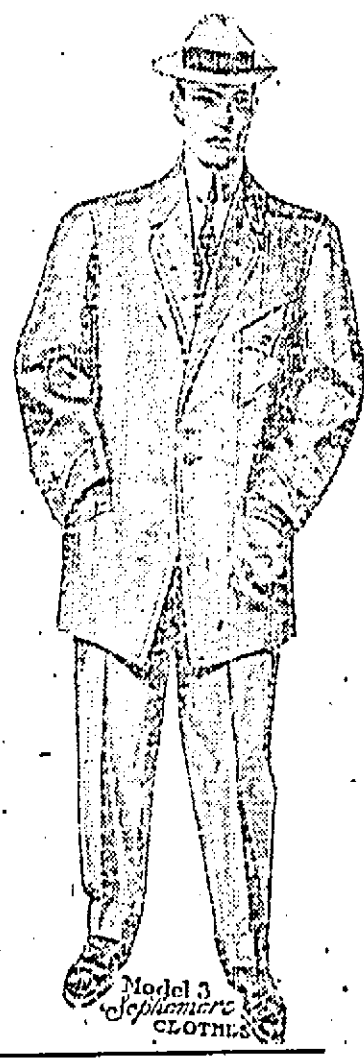

One needs to see these shoes to really appreciate the magnificent showing.

FOR THE MEN—The Bostonian and Kneeland makes as shown in our window offer much in style and quality; the freakish styles of tan and ox blood oxfords are here in abundance, some with perforated, ornamented wing toe, others with dog collar around top, others with buckles. There are blacks, ox bloods, tans of many descriptions, high cuts in patents, ox bloods and tans, freak toes, in fact every kind new idea imaginable.

STOUTS, REGULARS, HUNDREDS To Pick From

## THE SUITS

Here are introduced the very latest correct shades. Finest greens, Nile green, olive greens, tans, sky smokes and the always popular blue serges. Every garment strictly hand made.

## THE RAIN COATS

Genuine Cravanette, plain and fancy weaves, cut large and roomy, elegantly tailored, plain black, olives, tan and fancies, military or regular cut.

## TOP COATS

The new popular shades and colors are here. These coats are correct in cut and style, are well tailored and retain their shape while worn. The fabrics are all wool and the workmanship of the highest class and character.

IF YOU'LL PAY \$15.00

for a suit we'll give you more style and quality and all around goodness than you can find in most \$20.00 suits.

## Boys' New Spring Clothing Deserving the Greatest Confidence

Made by specialists who devote their whole time to planning how to best conserve the parent's interest, by producing clothing for boys that will merit the highest degree of confidence in quality and workmanship. Clothing that will stand the strongest test that the younger generation may be expected to subject it to.

Knicker Suits, ages 8 to 17, \$2.95 to \$10.00.

Russian and Blouse Suits, ages 3 to 10 years, \$2.45 to \$8.60.

New Top Coats, ages 3 to 10 years, \$3.45 to \$8.00.

## L SYSTEM SUITS FOR YOUNG MEN

and for men who want their suits different. We beg to announce the first showing of L system suits. The character and style of these suits embraces the snappy, faddy, striking suits, at \$18.00 to \$25.00. Suits that the college and dressy young man will fairly revel in; suits that will be talked about. The Golden Eagle is featuring these suits.

## APPLICATION FOR

## FRANCHISE READY

CINCINNATI CONSTRUCTION CO.  
TO PRESENT APPLICATION  
FOR FRANCHISE.

**WANT SPECIAL RIGHTS**

Have Already Obtained Similar Rights  
in Edgerton and Stoutsville—  
Plans for Road Mater-  
ializing.

At the meeting of the Janesville  
common council on April 5, an applica-  
tion for a franchise to operate an  
urban and street railway in the city  
of Janesville will be presented by  
the representatives of the Cincinnati  
Construction company, Joseph Ellis,  
the chief engineer of the company and  
resident engineer, stated this morning  
that the company was ready when it  
receives the franchise in Janesville,  
to make application to the state legis-  
lature for the right to build an actual  
construction.

The company will ask for the right  
to construct, maintain and operate in  
the city of Janesville an interurban  
or street railway for the carrying of  
persons and freight, with single  
track and all necessary switches, side  
tracks, turnouts, vias, poles, wires,  
bridges, curves and other fixtures in  
and along upon the following  
streets and lands. The following are  
the streets named in the application:

North Main street from Milwaukee  
street northerly to Sheldon street;  
Thompson street northerly to  
Hoyt street; Walker street and Selig-  
man street, northerly and adjoining  
Pulaski road to the city limits. On  
North Bluff street from Hoyt street  
southerly to Milwaukee street; South  
Bluff street from Milwaukee street to  
Court street or Park Place; Court  
street or Park Place westerly to Rock  
river, across lower or Court street  
bridge to Pleasant street; westerly on  
Pleasant street to Franklin street.  
And on East Milwaukee street from  
North Bluff street to North Main street  
and along, on, over and across such  
streets, alleys and avenues as may  
from time to time be agreed upon by  
said council and the said Cincinnati  
Construction company.

"This last clause, it would seem, that  
after the construction of the regular  
interurban road the company was  
planning to also establish a city line  
which would give service to the dif-  
ferent parts of the city not now reach-  
ed by the present street car system.  
Mr. Ellis would not make any definite  
statement relative to this, however,  
but stated that the road would cer-  
tainly be constructed and the delays  
would be simply due to the usual de-  
lays of securing a franchise from  
Janesville and the state.

"The tracks as described in the ap-  
plication call for rails of a "T" pat-  
tern to be laid and maintained at the  
present grade of the streets, but that  
in case the grade shall be changed  
the company shall change its grade  
to conform to the now one established  
by the city, at its own expense, and  
without any cost to the city.

"The rails are also to be laid in  
such a manner as to be of as little  
impediment as practicable to the free  
and ordinary passage of wagons or  
other vehicles and with suitable gut-  
ters to thoroughly drain the tracks.

"The poles are to be of iron and all  
wires from the poles thoroughly in-  
sulated. At all crossings where there  
is no paving the tracks shall be  
properly plankled or otherwise con-  
structed to make safe and convenient  
crossing for pedestrians, and the  
crossings shall be maintained in good  
repair. When the city shall pave or  
otherwise repave these crossings the  
road will do the same with its cross-  
ings or tracks on streets for a dis-  
tance of seven feet at its own expense  
for single track and fourteen feet for  
double track.

"The road also agrees to put in as  
good condition as when found, any  
street that it may run over that has  
been improved. All dirt and rubbish  
will be removed as fast as possible.  
Special provisions are also made rela-  
tive to other improvements.

"The road is to be operated by elec-  
tricity with overhead wires or other  
 motive power, except steam, and the  
company asks the right to erect all  
poles and other conveniences for the  
purpose of carrying telephone tele-  
graph or electric light wires to aid  
the purpose of the road under the pro-  
visions of the city ordinances.

"The cars are to be of the approved  
motor car type with modern conveni-  
ences for the comfort of passengers  
and shall heat and light the same.  
The fare inside the city limits shall  
not be more than five cents and the  
road agrees to keep the roadbed free  
from ice and snow. The right of the

city to grant a permit to any other  
road to cross its track is stipulated.  
Other special provisions relative to  
fire, hose and moving buildings, are  
also arranged for.

"The road is to file with the city  
clerk within ninety days after the  
passage of the franchise its accept-  
ance of the same within thirty days  
of actual construction file a bond for  
five thousand dollars for the restora-  
tion of the streets to their usual con-  
dition.

"The construction of the road shall  
begin within eighteen months and be  
completed within three years from the  
time of the granting of the fran-  
chise, is also one of the provisions.

The franchise, which contains four-  
teen sections, is to be printed in full  
in tomorrow's issue of the Gazette.  
Mr. Ellis states that he expects to  
remain here for some weeks and that  
Mr. H. H. Ziegler, president of the  
company, will be here the latter part  
of the coming week. The road has  
been surveyed as far as the city limits  
of Madison and the route has been  
definitely determined upon.

**DRAINING OF MARSH**

**SOON TO BEGIN**

Ditching Crews Have Arrived to Start  
Immediately at Work Draining  
Evansville Slough.

[SPECIAL TO THE GAZETTE.]

Evansville, March 11.—Allen & An-  
derson, who have the contract for  
draining the marsh, arrived yesterday  
from Hoboken, Ind. They brought with  
them a crew of men and five or six  
carloads of ditching machinery. It  
took a six-horse team to haul the im-  
mense boiler to the flag pond where  
the work begins. A small cabin is  
being erected near Frank Newman's  
place, which is to be occupied by the  
workmen during their stay here.

The recent snow and heavy storm  
made it necessary for train dispatch-  
ers Marvin Patterson, J. L. DeSautelle  
and H. K. Koch of Baraboo, to  
again work from the Evansville sta-  
tion. They came Monday and will  
leave today.

Mrs. Lyman Johnson has been vis-  
iting her daughter, Mrs. C. Harper  
in Madison this week.

Earl Hatch of Richland Center has  
been here as the guest of his sister,  
Miss Carolyn Hatch.

Mrs. V. A. Axell returned last  
evening from a visit to Chicago  
friends.

Mrs. Margaret Lewis and son Car-  
olus, of Gerald, Wis., are expected  
here this week for a visit to  
relatives and friends.

Mrs. Owen Jones and Miss Marian  
Amos were in Brooklyn yesterday to  
attend the funeral of Homer Walte.

Mrs. Stevenson and Mrs. A. P.  
Stauffer and three children came  
from Albany today and will be the  
guests of Mrs. John Tomlin. Mrs.  
Stauffer and family will leave this  
evening for their new home in River  
falls, Wis.

Mrs. J. H. Brand has been serious-  
ly ill for several days.

The Good Times club was enter-  
tained by Dr. and Mrs. Geo. Spencer  
last evening. Mr. and Mrs. J. Mil-  
baugh of Brooklyn were in attendance.  
Frank Baker has been confined to  
his home by illness for the past two  
or three days.

Mr. and Mrs. L. L. Bagley went to  
Albany Tuesday to attend the funeral  
of Mrs. A. R. Bennett.

**TRAMP BADLY HURT;  
FELL UNDER TRAIN**

Fell Between Cars and Platform, Dis-  
locating Shoulder And Cutting  
His Face.

[SPECIAL TO THE GAZETTE.]

Clinton, March 11.—A tramp, while  
attempting to board a freight on the  
C. & N. W. Ry. early Sunday morn-  
ing, fell between the train and plat-  
form and was badly bruised, his  
shoulder dislocated, and his face and  
head lacerated. He was removed to  
the office of Dr. W. O. Thomas, who  
fixed him up and he was sent to  
Harvard on the next train.

J. S. Campbell has rented the north  
room in the Wagner block as a paint  
shop.

Mr. Bonham, representing the Chi-  
cago Mutual Life Insurance company,  
was in town Tuesday on his way to Wal-  
worth. He meets the local committee  
tomorrow evening at 8:15.

Mrs. H. L. Lenn of Whitewater is vis-  
iting her brother, J. C. Howarth.

Miss Josie Schmitt, employed at the  
Hotel Clinton, burned her left hand  
very badly by accidentally pouring  
boiling water over it Wednesday af-  
ternoon. Dr. W. O. Thomas dressed  
the injured hand at Woodward's drug  
store.

Gilbert K. Gilbertson was in town  
Wednesday afternoon, he being  
obliged to use two canes to assist him  
in walking. This is the first time  
he has been in town since his in-  
jury, which he received by jumping  
from a wagon box. His many friends  
rejoice with him that his injury was  
not more serious.

Mrs. E. P. Warner and family, Mrs.  
Charles Hamilton and family of this  
place, and Dwight Hamilton and fam-  
ily of Pecatonica, Ill., are among the  
six hundred to leave Chicago, Tues-  
day evening, the 15th, for St. John's  
Park, Florida, where Mr. Warner  
and his company are developing that  
section of Florida on a large scale,  
having already sold 30,000 acres.

Oscar Anderson and Miss Holman  
Eligsten of this place, according to  
a Chicago paper of Thursday morn-  
ing, were married in that city Wed-  
nesday. A large circle of admiring  
friends wish them a long life of joy  
and prosperity.

Fourteen members of the Citizen's  
Lecture Course association met in the  
reading room of the Y. M. C. A. and  
selected the talent for the coming sea-  
son. The course selected is more  
extensive than any course ever at-  
tempted here, considerably exceeding  
the cost of last year's course. There  
will be three musical numbers and a  
lecture.

O. L. Woodward, president of the  
Clinton Telephone company, spent  
Wednesday and Thursday at Madison,  
appearing before the commission on  
general utilities.

Rev. Clyde McGee gave his illus-  
trated lecture on the "Revolutions in  
Turkey" last night to a good sized and  
appreciative audience.

The G. A. R. have an illustrated  
patriotic lecture Thursday night at  
Drake's hall. It will be given by H.  
V. Wood, patriotic instructor.

## PLEASANT SURPRISE

## IN EMERALD GROVE

Miss Edith Barlass Unexpectedly  
Called on by Fifty Friends—  
Merry Time Enjoyed.

Emerald Grove, March 11.—Miss  
Edith Barlass was somewhat surprised  
when nearly fifty of her friends gath-  
ered at her home on last Friday eve-  
ning. Mrs. Alice Lloyd was the lucky  
one at cards and threw first prize. Miss  
Orin Paul received the consolation prize.  
After refreshments were served  
and a short time spent in dancing, all  
departed for their homes, assuring  
their hosts that they had spent a very  
pleasant evening.

Mrs. W. A. Dean entertained the L.  
A. at dinner on Thursday of this  
week.

Mrs. Peter Jamieson and daughter  
Florence of Janesville were visitors  
at the home of Will Lloyd on Satur-  
day.

An account of Misses M. H. Cook  
was unable to return to her school  
until Tuesday morning.

A. D. Barlass shipped stock from  
Avalon, Tuesday.

Mrs. C. D. Fitch was called to Do-  
loit by the illness of her daughter,  
Mrs. Will Ross.

Mrs. Margaret Lloyd spent Sunday  
and Monday in Janesville with her  
aunt, Mrs. P. Jamieson, who is ill.

**FAST TRAIN MAY BE  
RUN THROUGH CITY**

Second Section of the Pioneer Limited  
May Pass Through Janesville,  
Madison and Portage.

"When we get to it we are going to  
improve our main track from Madison  
to Portage so that we can send the  
second section of the Pioneer limited  
from Chicago to the north by way of  
Janesville, Madison and Portage,"  
said a prominent official of the Chi-  
cago, Milwaukee and St. Paul road  
this morning. "We have long consid-  
ered this move, but owing to the con-  
dition of the roadbed and track be-  
tween Janesville and Portage we have  
been unable to make any definite  
move in this direction. However, I  
expect that within the next two years  
one section of this train will be run-  
ning through Janesville regularly. It  
is really a shorter cut for us and we  
can make better time and at the  
same time furnish better service to  
a section of our system that is not  
now handled properly. This unfair  
railroad legislation has had much to  
do with stopping our improvements  
up to this time and we have been other-  
wise hampered, but expect now to  
get to work and improve our entire  
system, which with the western ad-  
dition nearing completion will give us  
a coast terminal." Many improve-  
ments on the roadbed between this  
city and Chicago will be made this  
summer to make ready for the pro-  
posed running of this train through  
Janesville and while some delay is  
anticipated it is expected the train  
will be one of Janesville's regular vi-  
sitors before the next two years are  
past.

In Play.

"Human Spiders," in spite of its  
unattractive name, proved to have  
one of the prettiest love stories of  
any of the plays that the Franklin  
stock company has presented this  
week. The play has two love-  
scenes in fact, but the comedy of  
Highly and Mandy was of a humorous  
character, which furnished the audi-
